

AT THE UNION

FAMILY WEEKEND

PERFORMANCE AND EXHIBITIONS

WEST CAMBRIDGE FAMILY DAY

BIG BIOMEDICAL CAMPUS FAMILY DAY

TALKS

EVERYTHING ELSE

AT THE UNION

Join us at the Cambridge Union Society for a range of key-note talks and community events covering topics from artificial intelligence and healthy aging to a climate debate with young people and exploring how to feed a city sustainably.

ON IMPUNITY, PINOCHET AND PATAGONIA: A JOURNEY

Join Philippe Sands in a talk about the writing of his new book, '38 Londres Street', and its implications for our Age of Impunity.

FREE

4PM–5PM ON TUES 1 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

YOUR LIFE IS MANUFACTURED: HOW WE MAKE THINGS, WHY IT MATTERS AND HOW WE CAN DO IT BETTER

Join Professor Tim Minshall as he discusses his new book *Your Life Is Manufactured: How We Make Things, Why It Matters and How We Can Do It Better*

FREE

5.30PM–6.30PM ON TUES 1 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

THE IDEOLOGICAL BRAIN: EXPLORING THE SCIENCE OF SUSCEPTIBLE MINDS: WITH DR LEOR ZMIGROD

At the Cambridge Festival, Leor will discuss her new book, *The Ideological Brain*, which is an authoritative, accessible, and playful examination of how ideologies take hold of our brains, fundamentally changing the way we think, act and interact with others.

FREE

7PM–8:30PM ON TUES 1 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

GREEN DIALOGUES: A DEBATE FOR THE PLANET

Join 300 secondary students from schools across Cambridge as they debate and vote on a series of motions concerning climate justice, inter-generational responsibilities and the most effective actions for students to accelerate government action.

FREE

7:30PM–9PM ON TUES 1 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

DISCOVER THE FUTURE OF SUSTAINABLE EATING IN CAMBRIDGE!

The University of Cambridge ThinkLab and Cambridge Sustainable Food CIC joined forces to uncover the challenges faced by residents in eating a climate-friendly diet in our city. Be part of this engaging and inspiring event where academic experts and community leaders come together for a dynamic panel discussion.

FREE

5:30PM–9PM ON WED 2 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

HOW CAN WE HARNESS THE POWER OF AI FOR PUBLIC BENEFIT?

Society faces complex challenges, from economic growth to population health and climate change. Despite rapid progress in AI, there remains a significant gap between the potential of these technologies and our ability to deploy them for public good. Join our AI experts as they explore how we can bridge this gap and harness the power of AI for societal benefit."

FREE

6PM–7:30PM ON WED 2 APR

Cambridge Union Society
Debating Chamber
9A Bridge St
Cambridge
CB2 1UB

BOOKING REQUIRED

PROFESSOR SIR DAVID SPIEGELHALTER: THE ART OF UNCERTAINTY: LIVING WITH CHANCE, IGNORANCE, RISK AND LUCK

Join Professor David David Spiegelhalter for a conversation about the topics raised in his recent book *The Art of Uncertainty: Living with Chance, Ignorance, Risk and Luck*.

FREE

8PM–9PM ON WED 2 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

KEEPING THE STORYTELLERS SAFE IN WAR

A panel that will discuss personal and past experiences of working in war zones and a look to the future of what is to come in terms of digital technology including AI and how war reporting might be changing.

FREE

5:30PM–7PM ON THUR 3 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

FROM SPONGES TO AI: NEW TECHNOLOGIES FOR FINDING CANCER EARLY

Two research group leaders in the Early Cancer Institute outline some of the exciting innovations that are currently being developed to improve early cancer detection.

FREE

6PM–7PM ON THUR 3 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

DO WE KNOW TOO MUCH ABOUT CANCER?

The aim of the panel will be to demystify this field of research by introducing the challenge of how scientists can make useful all of the medical and research data to which we now have access and enthuse/offer hope to the public

FREE

7:30PM–9PM ON THURS 3 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

THE IMPOSSIBILITY OF WHALES: HOW STUDYING THE GENOMES OF EXTRAORDINARY SPECIES COULD HELP US STAY HEALTHIER FOR LONGER

Why do some animals, like whales, live exceptionally long lives free from many age-related diseases? Recent genomic breakthroughs, pioneered right here in Cambridge, allow us to study how cells in different species accumulate genetic mutations over time, which can lead to diseases like cancer and possibly even influence ageing

FREE

8PM-9PM ON THURS 3 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

CAMBRIDGE THINKLAB: NEURODIVERSITY AND FUTURE OF WORK AND INCLUSION

An event hosted by the Cambridge Thinklab sharing recent research on Neurodiversity and future of work and inclusion.

FREE

5:30PM-7PM ON FRI 4 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

THE SCIENCE OF GARDENING

Why do the tips and tricks which gardeners use actually give results? This talk looks at the science behind gardening, unravelling how plants grow and how we control what they do.

FREE

7PM-8PM ON FRI 4 APR

Cambridge Union Society
Keynes Library
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

FAMELAB CAMBRIDGE FINAL

FameLab, the science communication competition, returns to Cambridge. Join our finalists as they talk about their research in just three minutes with no presentations and limited props. Expect short snippets of fascinating science with, perhaps, a few puns thrown in!

FREE

8PM-10:15PM ON FRI 4 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

BOOKING REQUIRED

DECODING THE COSMOS WITH PROFESSOR HIRANYA PEIRIS

Join World-leading cosmologist Professor Hiranya Peiris as she decodes the Cosmos. Professor Peiris is professor of Astrophysics (1909) at the Institute of Astronomy, Cambridge.

FREE

6PM-7PM ON FRI 4 APR

Cambridge Union Society
Debating Chamber
9A Bridge Street
Cambridge
CB2 1UB

FAMILY WEEKEND

Taking place on 29 and 30 March, our family weekend is a free weekend of hands-on activities, talks, workshops and interactive demonstrations for the whole family. From creating clouds and hunting aliens to a special show with one of Britain's best loved writers and performance poets, Michael Rosen.

CAMBRIDGE FESTIVAL'S FAMILY WEEKEND

Join Cambridge Festival for a free weekend of talks, workshops and hands-on activities for the whole family! From Antarctica to the poetry of Michael Rosen, from cloud science to virtual reality; this is a weekend full of ideas to spark your curiosity and imagination.

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums Site
Bene't Street
Cambridge

FAMILY WEEKEND OPENER: BAQUE TROVÃO

Come for the start of our Family Weekend and experience the joy of Maracatu! Baque Trovão is a vibrant local ensemble that celebrates the rich cultural heritage of the Afro-Brazilian tradition of Maracatu. www.instagram.com/baquetrovaouk

FREE

11AM–11:45AM ON SAT 29 MAR

New Museums site
Bene't St
CB2 3PT

DROP-IN, NO BOOKING REQUIRED

BABY TALK

When do babies start learning language and how does that change the way they see the world? Bring your baby or toddler to this discussion on early years communication focusing on the first steps in language acquisition in deaf and hearing babies. British Sign Language interpretation will be provided.

FREE

11:30AM–12:30PM ON SAT 29 MAR

Exam Hall D
Student Services
New Museums Site
Bene't Street
CB2 3PT

DROP-IN, NO BOOKING REQUIRED

THE PSYCHOLOGY OF STARTING SCHOOL.

This exhibition will draw upon the latest research findings to provide accessible guidance for schools and parents on the evidence regarding current 'hot topics' for parents of primary school children.

FREE

11AM–4PM ON SAT 29 MAR

Old Cavendish Rayleigh Wing
Ground Floor Seminar Room
New Museums Site
(Enter via Bene't Street or Free School Lane)
Cambridge
CB2 3RF

DROP-IN, NO BOOKING REQUIRED

THE WORLD OF WATER

This is a family-friendly activity suitable for children ages 6 and up, children must be accompanied by an adult

FREE

11AM–4:30PM ON SAT 29 MAR

New Museums site
Bene't St
CB2 3PT

BOOKING RECOMMENDED

ALICE IN PSYCHLAND – EAT ME! DRINK ME!

With your help, Psychexcite will demonstrate how we might all have the potential to hear colours, feel sounds and taste shapes, which is what happens for people with synaesthesia. At the Mad Hatter's tea party, come along to learn more about your senses and join us for a replication of a real psychology experiment involving cake and tunes!

Please note, this show is suitable for ages 9+

FREE

11AM–12PM ON SAT 29 MAR

Cockcroft Lecture Theatre
(through the Pembroke Archway)
Pembroke St
New Museums Site
CB2 3QY

DROP-IN, NO BOOKING REQUIRED

THE WONDERFUL WORLD OF PLANTS

Visit the Botanic Garden team and explore some of the most incredible plants on the planet! Try your hand at becoming an insect pollinator for our giant flower—but watch out, there may be a giant Venus flytrap at our stand too!

FREE

11AM–4:30PM ON SAT 29 MAR

New Museums site
Bene't St
CB2 3PT

DROP-IN, NO BOOKING REQUIRED

VENN BOWLING MACHINE

See one of the world's earliest bowling machines! Engineers from the University of Cambridge have recreated a 1900s bowling machine that once bowled out the Australian cricket team. Originally designed by John Venn (of Venn diagrams fame), chat to the makers about the process of recreating the historic machine from a single image.

FREE

11:30AM–4:30PM ON SAT 29 MAR

New Museums site
Bene't St
CB2 3PT

DROP-IN, NO BOOKING REQUIRED

TUNING INTO YOUR NEWBORN'S VOICE

Find out more about babies' and toddlers' brain development and emerging skills in this multi-activity, family fun session! For expectant/new parents. Learn how to tune into your baby's language.

FREE

11AM–4:30PM ON SAT 29 MAR

Old Cavendish Rayleigh Wing
Ground Floor Classroom
New Museums Site (Enter via Bene't Street or Free School Lane)
Cambridge
CB2 3RF

DROP-IN, NO BOOKING REQUIRED

NEWBORN LANGUAGE AND COMMUNICATION SIGNALS

Hear from Dr Sarah Lloyd-Fox (Department of Psychology) & the Brazelton Centre UK in this mini-talk about newborn language and communication signals. Hosted by Centre for Child and Family Research.

FREE

2:30PM–3:30PM ON SAT 29 MAR

Old Cavendish Rayleigh Wing
Ground Floor Seminar Room
New Museums Site
(Enter via Free School Lane/Bene't Street)
Cambridge
CB2 3RF

DROP-IN, NO BOOKING REQUIRED

ANTARCTIC ADVENTURE – EXPLORE THE FROZEN FRONTIER

Dive into an amazing Antarctic adventure to one of the most remote and challenging environments on Earth. Your guides are polar scientist, Professor Kate Hendry, and marine biologist, Dr Helen Scales, who will show you how science is done around the icy continent of Antarctica.

This talk is aimed at ages 7 +

FREE

1:30PM–2:30PM ON SAT 29 MAR

Cockcroft Lecture Theatre
(through the Pembroke Archway)
Pembroke St
New Museums Site
CB2 3QY

DROP-IN, NO BOOKING REQUIRED

PASSPORTS TO OUR FLOURISHING WORLD

Join pupils from Parkside Community College's Social Action Group on an interactive journey to a world where the climate has stabilised and nature is restored.

FREE

11AM-4:30PM ON SAT 29 MAR

11AM-4:30PM ON SUN 30 MAR

New Museums site

Bene't St

CB2 3PT

BOOKING RECOMMENDED

QUIET TIME AT CAMBRIDGE FESTIVAL'S FAMILY WEEKEND

The Quiet Time at our Family weekend is for those families who require a quieter environment to comfortably access our Family Weekend. Join Cambridge Festival for a free weekend of talks, workshops and hands-on activities for the whole family!

FREE

11AM-12PM ON SUN 30 MAR

New Museums site

Bene't Street

Cambridge

CB2 3PT

BOOKING REQUIRED

OUTDOOR GAMES WITH CAMBRIDGE UNITED FOUNDATION

Get ready for an action-packed day as the Cambridge United Foundation brings its amazing outdoor activities to the Cambridge University Festival. Test your skills with the inflatable goal, grab a friend and play on the football tables, or why not try your hand at our famous coconut shy? You will be in for a treat!

FREE

12PM ON SUN 30 MAR

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

MONSTER MAKERS

We've explored the Earth's surface, plumbed the depths of the oceans and even been out into space. But we've found no dragons, unicorns or sea monsters. Why then do we still love monsters like Godzilla, and keep creating them? The secrets lie not only in our imaginations but also in the science of how we understand the world.

This talk is aimed at young people aged 12+

FREE

11:30AM-12:30PM ON SUN 30 MAR

Cockcroft Lecture Theatre

(through the Pembroke Archway)

Pembroke St

New Museums Site

CB2 3QY

DROP-IN, NO BOOKING REQUIRED

IMPRINTS & INSCRIPTIONS: CREATING BOTANICAL BIOGRAPHIES THROUGH LITERATURE AND ART

This workshop brings environmental literature to life through artistic plaster casting. Literary quotes and botanical specimens are turned into unique artworks, exploring the material connections between text and nature.

The workshop welcomes visually impaired participants.

FREE

2PM-4:30PM ON SUN 30 MAR

Phoenix Room 1

New Museums Site

Downing Street

Cambridge

CB2 3PT

BOOKING REQUIRED

EXPLORING FAMILY TRAITS: A CREATIVE WORKSHOP FOR KIDS

Visit the Centre for Child, Adolescent and Family Research: Extract DNA from strawberries, create DNA models from sweets/crafts, and discover differences between children and their parents through drawing and stickers!

FREE

11AM-4PM ON SUN 30 MAR

Old Cavendish Rayleigh Wing

Ground Floor Classroom

New Museums Site

(Enter via Bene't Street or Free School Lane)

Cambridge

CB2 3RF

BOOKING REQUIRED

MEDICINE MAKERS: DECODING DISEASE WITH ASTRAZENECA!

Come participate in our hands-on "Medicine Maker" activities for young people, meet AstraZeneca scientists and learn about STEM activities in the community!

FREE

11AM-4:30PM ON SAT 29 MAR

12PM-4:30PM ON SUN 30 MAR

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

CALLING ALL SUPER SLEUTHS. CAN YOU USE SCIENCE TO DISCOVER THE MYSTERY OF THE WHODUNNIT?

3 super villains are in the frame for stealing the beloved town trophy, test your sleuthing skills using separation science to determine which one is the guilty culprit. Delve deeper into the world of separation with our super fun hands-on activities.

FREE

11AM-4:30PM ON SAT 29 MAR

12PM-4:30PM ON SUN 30 MAR

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

LYME DISEASE AND TICK-BITE PREVENTION: MANAGING A GROWING THREAT.

Lyme disease is increasing in prevalence in the UK. Prevention is the best medicine. Come and learn how to recognise ticks – the carriers of Lyme disease and other infections. We will give tick-bite prevention advice and information about what to do if you get bitten. There will be the opportunity to discuss results from a Lyme disease patient experience survey conducted in 2024.

FREE

11AM-4:30PM ON SAT 29 MAR

12PM-4:30PM ON SUN 30 MAR

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

HOW TO SUPPORT YOUR MENTAL HEALTH – IT’S NOT ALL IN THE MIND

Discover what causes depression, how gut-friendly foods improve mood, and why sleep, exercise, and stress management are vital. Learn strategies to boost your mental health, plus catch our podcast!

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

BUILD A (CAM)BRAIN!

We have nearly a hundred billion neurons in our brain. Join our scientists to find out how these work together to power your brain! You will be able to...

- Craft your own neuron or a brain hat
- See real neurons through a microscope
- Take apart a life-size brain model – see how the human brain is over three times as big as the brain of other mammals our size!
- Explore a digital 3-D brain”

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums Site

Bene't Street

Cambridge

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

FROM THE LAB TO THE FUTURE: GET HANDS ON WITH THE DEPARTMENT OF PHARMACOLOGY!

Have you ever wondered about the future of your health? Then come join us at the Exam rooms for a fascinating journey into the world of Pharmacology! We've got colouring books, matching games, 3D-printed models and special features from our research groups – so come along and see a glimpse of the future!

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums site

Bene't St

THE WHO AND HOW? – SOLVING MYSTERIES AND HAVING FUN WITH STATISTICS

Mr. Stats, the teddy bear, has broken his leg. How did this happen and who might be responsible? Become a detective and help solve this mystery using our statistical clues. In addition, take part in our game of skill, luck and statistics to see if you are a better thrower than your friend.

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

BLAST OFF! WITH THE CAMBRIDGE MUSEUM OF TECHNOLOGY

Come have a blast with the Museum of Technology as you make your own paper straw rockets and send them soaring!

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

CELLULAR MACHINES

Cells are like tiny machines, with each part doing a special job. The nucleus stores DNA instructions, mitochondria create energy, and ribosomes make proteins. Together, these parts keep the cell running smoothly. Bioengineers can tweak cells to change their functions or fix issues. Join the Engineering Biology IRC and Synthetic Biology Society workshop to discover how these amazing machines work!

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums site

Bene't St

CB2 3PT

DROP-IN, NO BOOKING REQUIRED

POP-UP PLAY WITH THE HERD

Early years free play in a room filled with possibilities – explore, touch, build, imagine, play.

Pop-Up play is a creative play space for under 5s and their families, created by The Herd Theatre

FREE

**11AM–4:30PM ON SAT 29 MAR
12PM–4:30PM ON SUN 30 MAR**

New Museums site

Downing College

Regent Street

Cambridge

CB2 1DQ

BOOKING RECOMMENDED

XOLU DAKAR BI (THE HEART OF DAKAR)

A photography exhibition on the ongoing eviction/resettlement of a small informal settlement in central Dakar, Senegal, in West Africa. This is a collaborative project between Anna Wood, a Research Associate in the Department of Social Anthropology and two Dakar-based photographers, Djibril Drame and Ekaterina Golovko, aimed at contributing to the preservation of the memory of the place.

FREE

10AM–5PM FROM THUR 27 MAR UNTIL MON 31 MAR

Cambridge Artspace

5 Green’s Road

Cambridge

CB4 3EF

BOOKING RECOMMENDED

A ROOM OF ONE’S OWN

An exhibition of contemporary queer art by Mark Mann

FREE

10AM–5PM DAILY FROM TUES 28 JANUARY UNTIL FRI 4 APR

Museum of Classical Archaeology

Sidgwick Avenue

Cambridge

CB3 9DA

BOOKING RECOMMENDED

WEST CAMBRIDGE FAMILY DAY

On Saturday 22 March, the University departments on the West Cambridge site will be opening their doors to the public. Join researchers from the Departments of Chemical Engineering and Biotechnology, Computer Science and Technology, Materials Science and Metallurgy, the Faculty of Mathematics and the Institute of Astronomy and find out what goes on inside.

TOMORROW'S CURES: GAME-CHANGING MOLECULES AND INNOVATIONS

Join Dr Ljiljana Fruk for an enlightening journey into the future of medicine, where age-old molecules are being transformed, new ones are being crafted, and groundbreaking innovations are emerging across scientific disciplines.

FREE

11AM-12PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

AMMONIA ENERGY FOR THE FUTURE

Join us for an exciting and interactive science event exploring how ammonia energy could power the future! Suitable for all ages, the event includes a lively presentation and a thrilling hydrogen balloon demonstration.

FREE

10:30AM-11:30AM

11:30AM-12:30PM

12:30PM-1:30PM

1:30PM-2:30PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

WHEN LIFE GIVES YOU BUBBLES, MAKE 'ELEPHANT TOOTHPASTE'

Join us at the Fruk Lab corner for a lively, hands-on experiment where kids can team up with our researchers to make foamy, colourful 'elephant toothpaste' – a fizzing tower of bubbles that looks like it was squeezed from an elephant-sized tube of toothpaste!

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

MAKING SOLAR CELLS FROM BERRIES!

Make a working Grätzel solar cell using a few basic materials including something surprising – blackberries – with scientists at the Department of Chemical Engineering and Biotechnology.

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

HOW CAN POLYMERS KEEP YOUR HEART TICKING?

Join Dr Joanna Stasiak and team for an engaging exploration of heart valve anatomy, featuring models and animations that will bring the heart's complex structure to life. This session will take you through the four heart valves, examining their unique roles and functions in maintaining healthy circulation.

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

MAKING PARTICLES FLOW TOWARDS CLEANER ENERGY

Join our researchers for a captivating demonstration of fluidised bed reactors – a remarkable device that makes solid particles behave like a fluid by mixing them with gas or liquid. But what exactly is a fluidised bed, and why is it crucial for sustainability?

FREE

11AM-12PM

1PM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

SEEING THE SCIENCE BEHIND COLOUR

Join our BioNano-Engineering researchers for a series of fun experiments, hands-on activities, and lively mini-talks as we explore the magic of light, how our eyes perceive colour, and the fascinating science behind colour creation – from structural colours in nature to light-emitting structures and absorbing pigments.

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

ART EXHIBITION TO STEP AHEAD TO EXPLORE CAMBRIDGE SCIENCE IN THE YEAR 2125

Step into Cybertropolis, an imaginative art exhibition set in a speculative 'museum of the future' that opens in 2124, taking visitors on a journey into Cambridge's science legacy as if viewed from the year 2125.

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

SENSORS FOR A SMARTER HOME

Imagine a home that anticipates your needs, enhances your comfort, and reduces your energy consumption – all with the power of smart sensors. At this hands-on demo, we invite you to explore our model home packed with the latest sensor technologies and experience how they could transform your everyday life.

FREE

10AM-2PM ON SAT 22 MAR

Department of Chemical Engineering and Biotechnology
Philippa Fawcett Drive
Cambridge
CB3 0AS

BOOKING REQUIRED

MEASURE YOUR HEART RATE FROM YOUR EARPHONES!

In this workshop you will use earphones, typically used only for entertainment, to get information about your body's vital signs including your heart rate and breathing rate, both purely estimated through a microphone.

MITOTRUMPS

MITOTrumps is a card game based on comparing/contrasting mitochondrial proteins. Mitochondria are the powerhouses of our cells that process our food into ATP - a molecular fuel for the rest of the cell - and carry out many essential processes. The MITOTrumps challenge: choose the best statistic most likely to beat the other cards, take all the other players' cards and establish the winner.
